PROFESSIONAL EXPERIENCE **Advanced Registered Nurse Practitioner**

Citrus Primary Care *Oct 2009- Jan 2012*
Crystal River, Florida

Provide excellent care to patients of all ages who have various acute and chronic health conditions. Take care of patients with diabetes, hypertension, and hyperlipidemia. Treat patients with URI, UTI, back pain, migraines, etc. Perform pelvic exams and incision and drainage.

Citrus Cardiology *June 2008- Oct 2009*
Inverness, Florida

Performed hospital cardiology consults, rounded on inpatients, and managed cardiology clinic patients. Wrote admission orders and dictated new consults. Discharged patients after angioplasty, pacemaker, or debrillator procedures. Wrote discharge orders and dictated discharge summaries. Performed adenosine and exercise cardiolute stress tests.

Clinical Nurse C

University of Michigan Health Systems *January 2006- June 2008*
Central Staffing Resource Ambulatory Care Cardiology

Worked in nine different cardiology clinics including the Anti-Coagulation Clinic, Pulmonary Hypertension Clinic, and Preventive Cardiology Clinic. Performed dobutamine stress tests on patients to rule out ischemia.

Clinical Nurse III

University of Michigan Health Systems *January 1999-2006*
Heart Failure and Transplant Management Program

Nurse case manager for patients with congestive heart failure, coronary artery disease, and hypertension. Titrated beta blockers and ace inhibitors in CHF patients. Monitored cholesterol profile, liver enzymes, and titrate statin medications. Adjusted diuretics and potassium supplements based on symptoms and lab results.

Clinical Nurse II

*University of Michigan Health Systems
Coronary Intensive Care Unit*

January 1988- 1999

Provided care to critically ill patients. Expertise in pulmonary artery catheters, intra-aortic balloon pumps, and continuous venous to venous hemodialysis. Assisted physicians with performing bedside procedures including transesophageal echocardiograms, endoscopies, thoracentesis, and lumbar punctures.

Clinical Nurse I

*Bronson Methodist Hospital, Kalamazoo, MI
Coronary Step-down Unit*

January 1987-1988

Provided extraordinary nursing care to patients on a telemetry unit. Performed client education and discharge teaching.

NP STUDENT CLINICAL EXPERIENCE

Cardiovascular Intensive Care Unit

University of Michigan

9/07-12/07

Admit patients to the ICU after heart, pulmonary, and vascular surgery. Complete physical examinations, write admission note, admission orders, and transfer orders. Patient population includes patients intubated, with pulmonary artery catheters, on ECHMO, on continuous venous to venous hemodialysis, and on intra-aortic balloon pumps. Managed patients with acute decompensation and those with chronic illness.

Inpatient Cardiology Unit & Electrophysiology Unit

University of Michigan

4/07-6/07

Completed admission history and physical examination on patients admitted to a short stay cardiology service. Patients were admitted after having a cardiac procedure such as angioplasty, ablation, pacemaker insertion, or defibrillator insertion. Wrote the admission note, admit orders, discharge prescriptions, and discharge orders. Completed history and physical examinations prior to EPS procedures. Interrogated defibrillators in clinic, on inpatient units, and in the emergency room.

Breast Cancer Clinic

University of Michigan

9/06-12/06

Completed history and physical examination on women with breast cancer. Ordered chemotherapy and followed up on lab values and symptoms. Ordered and reviewed diagnostic test results including computerized tomography scans, MRIs, and bone density studies.

Plastic Surgery Clinic & Melanoma Clinic

University of Michigan

9/05-12/05

Took care of patients with chronic wounds and multiple co-morbidities. Completed preoperative history and physicals on melanoma patients.
